Selected Work

We shape the strategy. Then we build it.

CONSULT + BUILD

We shape the strategy. Then we build it.

Prisma House is a marketing consultancy with two connected halves. The first works out where your growth actually comes from – brand, demand, content, media pitching and the honest audit – and holds every recommendation to a commercial number, not a vanity metric.

The second builds the digital infrastructure that runs it: the website that sells and the systems that keep the business moving, designed and looked after by the same team that set the direction. Because advice that never ships is just opinion, we build what we recommend.

The projects that follow show real screens at their real scale, cropped to the part that matters. No invented numbers, no borrowed testimonials.

WHAT WE DO

Everything between your expertise and a finished book.

Writing a book is hard, slow and easy to abandon. We remove every step that stops busy leaders from finishing — and do it for you.

We write it

You're matched with a dedicated, native-English writer from our team of ghostwriters. A simple questionnaire and a few conversations are all it takes — they handle the manuscript, with unlimited proofreading until it's right.

We design it

A custom cover, interior layout and eBook formatting, crafted to sit comfortably next to the best books in your category — and to look the part on every screen and shelf.

Hi Alex,

Thank you for the recording on Thursday, the team really enjoyed it. I have gone through the article draft you sent and I only have two small changes:

1. In the second paragraph, please say "data platform for mid-sized manufacturers" rather than "analytics tool" — it is closer to how we describe ourselves.

2. The quote about hiring should be attributed to me, not to the company.

Once those are in, we are happy for it to go out. Could you also confirm the publication date? Our newsletter goes out on the 14th and it would be lovely to include the link.

Best,

Lena

The market reads you before it meets you

Investors, journalists and clients decide what to think of you from whatever they can find, usually before the first conversation. Visibility Intelligence measures how that reading turns out, names the gaps behind the number, and connects each one to the work that closes it. The audit is free and takes minutes.

01 | Website & Digital Presence

Oliver's Owned presence

For most leaders the personal website is an afterthought: an outdated bio, a stale headshot, a domain that no longer reflects the person. Yet it is the one place you fully control, and often the first result anyone finds.

We treat it as the anchor of your presence. We shape the narrative, write the copy, and design a site that feels considered rather than loud. Every choice serves one aim: making your authority obvious within seconds.

You receive a finished, launched site that reads as an extension of you, ready to grow as your work does.

What it includes

- Narrative and copy built around your positioning
- Considered, restrained visual design
- Built, launched and ready to maintain

What it typically moves

Add-on services, sold inside the product

Each result is matched to a paid service with its deliverables and timeline, requested in one click.

The audit looks at your public presence the way an investor or a journalist would, scores how clearly your authority comes across, and names what is holding the number down. It takes minutes and costs nothing.

Follow-ups that wait for a human

In the CRM, an agent notices when the client has not written back, drafts the next nudge and queues it for approval. Nothing is sent on its own.

A screenshot of a video player interface. At the top, a navigation bar shows a back arrow, the text 'Back to Interviews', and the categories 'Interviews' and 'Consulting'. The main video frame has a dark purple background. At the top center, it says 'XRAISED PRESENTS:'. Below this, on the left, is a circular portrait of Myles Sabiniano, with his name 'MYLES SABINIANO' and the role 'HOST' below it. In the center, the title 'Daniel Kirichanski on Technology Leadership & Cloud Strategy | Prime Path Global' is displayed. Below the title is a horizontal line with a central box containing the word 'WITH'. To the right of this line is a circular portrait of Daniel Kirichanski, with his name 'DANIEL KIRICHANSKI' and the role 'FOUNDER | PRIME PATH GLOBAL' below it. At the bottom of the video frame, a progress bar shows '0:00 / 16:36' and control icons for play, volume, and full screen. Below the video frame, a dark purple bar contains the word 'CONSULTING' in white capital letters. Below this bar, the title 'Daniel Kirichanski on Technology Leadership & Cloud Strategy | Prime Path Global' is repeated in a large, white, serif font. Underneath the title, it says 'Daniel Kirichanski — Founder, Prime Path Global'. At the bottom of the image, a dark grey bar contains the text 'One input, everything else derived' in a large, white, sans-serif font. Below this, a paragraph of text reads: 'A single source, here a recorded conversation, is the only input; the write-up, the distribution and the posts are derived from it.'
