Selected Work

We shape the strategy. Then we build it.

CONSULT + BUILD

We shape the strategy. Then we build it.

Prisma House is a marketing consultancy with two connected halves. The first works out where your growth actually comes from – brand, demand, content, media pitching and the honest audit – and holds every recommendation to a commercial number, not a vanity metric.

The second builds the digital infrastructure that runs it: the website that sells and the systems that keep the business moving, designed and looked after by the same team that set the direction. Because advice that never ships is just opinion, we build what we recommend.

The projects that follow show real screens at their real scale, cropped to the part that matters. No invented numbers, no borrowed testimonials.

That's the point." Below this is a section titled "Browse the archive". The central part of the page features a large purple card for a "CONSULTING" episode titled "Daniel Kirichanski on Technology Leadership & Cloud Strategy | Prime Path Global". It includes portraits of Myles Sammano and Daniel Kirichanski, along with their titles. To the right, there is a vertical list of other episodes under the heading "FROM STORIES TO ACTION:", such as "Care for Our Planet", "Dr. Michael Averback on Medical Fiduciary Care", "Fred Descoux on Zero Drama Security", and "Tatjana Kolenc on Building Mentoring Ecosystems". Each episode has a small thumbnail icon.

Hi Alex,
Thank you for the recording on Thursday, the team really enjoyed it. I have gone through the article draft you sent and I only have two small changes:
1. In the second paragraph, please say "data platform for mid-sized manufacturers" rather than "analytics tool" — it is closer to how we describe ourselves.
2. The quote about hiring should be attributed to me, not to the company.
Once those are in, we are happy for it to go out. Could you also confirm the publication date? Our newsletter goes out on the 14th and it would be lovely to include the link.
Best,
Lena

Great to have you on. Attached is the first draft of the article built from the interview — have a look and send me any changes by Friday.

Follow-ups that wait for a human

PR campaigns, pitch by pitch

One campaign per client with the journalists to reach, the status of every pitch, the dates and the published link when a story lands.

WHAT WE DO

Everything between your expertise and a finished book.

Writing a book is hard, slow and easy to abandon. We remove every step that stops busy leaders from finishing — and do it for you.

We write it

You're matched with a dedicated, native-English writer from our team of ghostwriters. A simple questionnaire and a few conversations are all it takes — they handle the manuscript, with unlimited proofreading until it's right.

We design it

A custom cover, interior layout and eBook formatting, crafted to sit comfortably next to the best books in your category — and to look the part on every screen and shelf.

The market reads you before it meets you

Investors, journalists and clients decide what to think of you from whatever they can find, usually before the first conversation. Visibility Intelligence measures how that reading turns out, names the gaps behind the number, and connects each one to the work that closes it. The audit is free and takes minutes.

SAAS

01 | Website & Digital Presence

Closes Owned presence

For most leaders the personal website is an afterthought: an outdated bio, a stale headshot, a domain that no longer reflects the person. Yet it is the one place you fully control, and often the first result anyone finds.

We treat it as the anchor of your presence. We shape the narrative, write the copy, and design a site that feels considered rather than loud. Every choice serves one aim: making your authority obvious within seconds.

You receive a finished, launched site that reads as an extension of you, ready to grow as your work does.

What it includes

- Narrative and copy built around your positioning
- Considered, restrained visual design
- Built, launched and ready to maintain

What it typically moves

A marketplace of services behind each gap

Every finding is matched to the work that closes it, in five stages from website to book, each with its deliverables and timeline.

The audit looks at your public presence the way an investor or a journalist would, scores how clearly your authority comes across, and names what is holding the number down. It takes minutes and costs nothing.

Enter a few details to begin. The first step takes a minute.
