We shape the strategy. Then we build it.

CONSULT + BUILD

We shape the strategy. Then we build it.

Prisma House is a marketing consultancy with two connected halves. The first works out where your growth actually comes from – brand, demand, content, media pitching and the honest audit – and holds every recommendation to a commercial number, not a vanity metric.

The second builds the digital infrastructure that runs it: the website that sells and the systems that keep the business moving, designed and looked after by the same team that set the direction. Because advice that never ships is just opinion, we build what we recommend.

The projects that follow show real screens at their real scale, cropped to the part that matters. No invented numbers, no borrowed testimonials.

WHAT WE DO

Everything between your expertise and a finished book.

Writing a book is hard, slow and easy to abandon. We remove every step that stops busy leaders from finishing — and do it for you.

We write it

You're matched with a dedicated, native-English writer from our team of ghostwriters. A simple questionnaire and a few conversations are all it takes — they handle the manuscript, with unlimited proofreading until it's right.

We design it

A custom cover, interior layout and eBook formatting, crafted to sit comfortably next to the best books in your category — and to look the part on every screen and shelf.

Hi Alex,

Thank you for the recording on Thursday, the team really enjoyed it. I have gone through the article draft you sent and I only have two small changes:

1. In the second paragraph, please say "data platform for mid-sized manufacturers" rather than "analytics tool" — it is closer to how we describe ourselves.

2. The quote about hiring should be attributed to me, not to the company.

Once those are in, we are happy for it to go out. Could you also confirm the publication date? Our newsletter goes out on the 14th and it would be lovely to include the link.

Best,

Lena

01 | Website & Digital Presence

Closes Owned presence

For most leaders the personal website is an afterthought: an outdated bio, a stale headshot, a domain that no longer reflects the person. Yet it is the one place you fully control, and often the first result anyone finds.

We treat it as the anchor of your presence. We shape the narrative, write the copy, and design a site that feels considered rather than loud. Every choice serves one aim: making your authority obvious within seconds.

You receive a finished, launched site that reads as an extension of you, ready to grow as your work does.

What it includes

- Narrative and copy built around your positioning
- Considered, restrained visual design
- Built, launched and ready to maintain

What it typically moves

A marketplace of services behind each gap

Every finding is matched to the work that closes it, in five stages from website to book, each with its deliverables and timeline.

The audit looks at your public presence the way an investor or a journalist would, scores how clearly your authority comes across, and names what is holding the number down. It takes minutes and costs nothing.

Enter a few details to begin. The first step takes a minute.

Dr Kgomotso S. Tshaka Debuts The Orchard Effect

A Transformative Framework for Turning Resilience into Lasting Impact

London, United Kingdom, October 5, 2026 -- [The Orchard Effect](#): Dr Kgomotso S. Tshaka on Building Resilience That Lasts - Calling Leaders to Move Beyond Quick Fixes and Build Generational Impact

Popular ideas of resilience often focus on bouncing back: getting through the crisis and moving on. In her new book, *The Orchard Effect: Impact Is Not Accidental* (Bookspert), sustainability governance strategist and mining executive Dr Kgomotso S. Tshaka argues for something deeper: building foundations that outlast the crisis, and the leader.

Drawing on more than twenty-five years in the global extractive industry, doctoral research on board governance, and pivotal personal turning points, Dr Tshaka offers a memoir and leadership framework built on one image. Rather than making lemonade from lemons, she invites readers to gather the seeds of their adversity and grow an orchard.

The framework moves through five stages: Soil Preparation, Roots, Watering, Pruning and Harvest. Each shows how internal foundations, including reflection, clear boundaries and honest self-assessment, come before meaningful public impact.

Along the way, Dr Tshaka draws on her experience as a Black woman in male-dominated boardrooms, where she often had to prove her competence again and again. That experience shaped a leadership philosophy built on deep listening, strategic thinking and real value rather than volume or title. She also makes

Follow-ups that wait for a human

In the CRM, an agent notices when the client has not written back, drafts the next nudge and queues it for approval. Nothing is sent on its own.

The image shows a video player interface for a podcast episode. At the top, there is a navigation bar with a back arrow and the text 'Back to Interviews', followed by 'Interviews' and 'Consulting'. The main content area has a dark purple background. In the center, the text 'XRAISED PRESENTS:' is displayed above the title 'Daniel Kirichanski on Technology Leadership & Cloud Strategy | Prime Path Global'. On the left is a portrait of Myles Sabini, labeled 'MYLES SABINIANO' and 'HOST'. On the right is a portrait of Daniel Kirichanski, labeled 'DANIEL KIRICHANSKI' and 'FOUNDER | PRIME PATH GLOBAL'. Between the portraits is a decorative horizontal line with the word 'WITH' in the center. At the bottom, a video player shows a progress bar at 0:00 / 18:36 and standard playback controls.
